- 14.04 Time limits, pursuant to Article 14.01, 14.02, and 14.03, shall be waived when it can be established that the staff member, for reasons acceptable to the Institute, was unable to contact the appropriate work unit leader or manager within the time limits specified.

- 14.05 A staff member who is absent from employment and who has not obtained the approval of the work unit leader shall, after three (3) consecutive work days of such unauthorized absence, be considered to have abandoned employment and will be deemed to have resigned, unless it is subsequently shown by the staff member that circumstances beyond control prevented the staff member from reporting to the place of work and prevented the staff member from contacting the employer.

ARTICLE 15

HOURS OF WORK

- 15.01 Hours of work for staff members shall not exceed seven and one-quarter (7.25) hours per day (not including breaks) to a maximum of thirty-six and one-quarter (36.25) hours per week. Hours of work shall be scheduled to be continuous.
- 15.02 Recognizing the professional and flexible nature of the work of academic staff, the daily hours of work for a single day may exceed seven and one-quarter (7.25) hours and/or may not be scheduled continuously if mutually agreed to by the staff member and the Institute.
- 15.03 Programs will each determine their normal hours for program delivery utilizing a daily 10 hour block of time between Monday to Friday. Staff members will be scheduled within this window unless mutually agreed to by the staff member and Institute. If the operational delivery of courses or course sections is required beyond normal hours within the program window, a process will be established when assigning continuing staff members, with due consideration given to work life balance.
- Staff members may request hours outside this range that will be taken into consideration by the Institute and will be approved if they meet the operational requirements for the delivery of the program.

ARTICLE 16

INSTRUCTOR WORKLOAD

16.01 Application

This article applies to those staff members who occupy continuing or temporary fulltime or part time instructor positions.

16.02 Principles

The parties acknowledge a full-time instructor's salary is based on 1885 hours per academic year, pro-rated for part time instructors, where assignable workload hours will be determined as follows:

1885 hours less hours paid as vacation, holidays and Wellness Days (pro-rated for part time instructors).

The parties recognize that quality of instruction, focusing on student success utilizing an outcomes-based learning approach in a polytechnic environment is a shared principle that will guide the allocation of assignable workload hours.

The work of an instructor is professional in nature allowing for flexibility, recognizing that an instructor's workload throughout the academic year may experience minor peaks and valleys, except where operational circumstances and/or instructor preference require greater variability of the instructor's workload.

Instructors are responsible for completing all components of their workload and have the flexibility to perform work as their assigned schedule allows.

The role of the instructor is to utilize their expertise to instruct students in order to contribute to student success. The parties recognize that class size impacts an instructor's workload.

16.03 Assignable Workload Hours

The professional duties and responsibilities of the instructor are categorized into 6 components. In addition, 2 types of workload adjustments may be assigned to the instructor. An instructor's assignable workload

hours for the academic year will be determined using the model outlined below.

Descriptions of Components

1. **Scheduled Instruction Hour (SIH)** is an assigned period of either curriculum or hands-on skills instruction which takes place in a lab, classroom, shop, field, practicum, regardless of delivery modality which may include synchronous or asynchronous delivery, that is sixty (60) minutes in duration. SIHs shall be rounded up to the nearest half hour as determined by the duration of the period of scheduled instruction.

Substitution may be required as part of the instructor's workload. Substitution occurs when an instructor is unable to deliver their SIH due to absence or other extenuating circumstance, requiring another instructor to deliver the SIH as scheduled. The SIH will be credited only to the instructor(s) who delivers the curriculum or hands-on skills instruction.

For medical or other approved leaves, excluding vacation, that exceed five (5) consecutive days, the annual SIH threshold will be reduced by the number of SIHs assigned during the period of absence.

If an instructor's regularly scheduled assignment falls on a statutory holiday and the out of scope leader, in discussion with the program leadership, schedules a make-up class, no additional SIHs will be allocated to the instructor.

If an instructor's regularly scheduled assignment falls on a statutory holiday and the out of scope leader, in discussion with the program leadership, does not schedule a make-up class, the instructor will receive the regularly scheduled SIHs.

There will be no reduction in SIHs where the Institute assigns an instructor or program leader other work during their scheduled instruction hour.

2. **Course/Class Preparation and Student Assessment**

May include but not limited to: Learning management system setup/update and development of delivery materials, conducting student assessment/evaluation, office hours for student support and minor curriculum updates.

3. **Administration**

May include but not limited to: Participation in advisory committees, staff meetings, selection committees, performing NAIT Health & Safety requirements, conducting prospective student interviews and completing third party requirements (e.g. completing AIT or Accreditation special reports) and other student and program administrative duties (e.g. course coordination).

4. **Service**

May include but not limited to: NAIT committee participation, participation in Board of Governors, Academic Council and Joint Worksite Health and Safety Committee, conducting classroom observations of peers, participating in NAIT Open House and Program Previews, and assisting with student events. Working with relevant communities, industries, businesses, or professional organizations, will be considered service. Relevancy will be determined in collaboration between the out of scope leader, program leadership and instructor.

5. Training & Professional Development

May include but not limited to: Participation in NAIT's performance enhancement process, maintaining and upgrading skills through professional and industry training, mentoring peers, participating in internal and external courses, conferences and workshops as well as, completing NAIT required training.

6. Scholarly Activity

Academic learning and activity that aligns to NAIT's policy and procedure regarding scholarly activity, incorporating CAQC guidelines where applicable.

7. Program Leadership (for which a workload adjustment will be granted)

May include but not limited to: Coaching and mentoring instructors, providing program-specific guidance to students, contributing to curriculum excellence and expertise of the program, engaging in activities that support student success, collaborating with out of scope leader/Associate Dean A or designate on program and School initiatives, participating in Industry Engagement, conducting new instructor orientation, and onboarding.

There are two Program Leadership assignments to which an instructor can be assigned in accordance with Article 43 (Recruitment, Selection, Promotion and Transfers):

Chair (Leader II)

Associate Chair (Leader I)

8. Major Curriculum Development (for which a workload adjustment will be granted)

The assigned development of new, or significant changes to, course and/or program outcomes, for example as guided by the Curriculum Review and Renewal process. This may include the development of new curriculum including content, multimedia, activities, student assessments, or re-development of a course for a different mode of delivery.

9. Class Size

To recognize the impact of class size on workload, additional SIHs will be given to the instructor based on the following calculation:

$$\text{Additional SIHs} = \frac{(\text{CSF} - 17\,000)}{83}$$

Where;

Class Size Factor (CSF) = Number of students at the course drop deadline x SIHs delivered.

If an instructor is assigned a workload adjustment as per Article 16.03, the 17,000 will be adjusted accordingly.

- 16.04 In accordance with the Workload Model described in 16.03, the allocation of the instructor's assignable workload hours will be done through discussion with the instructor and their program leadership and/or out of scope leader. Consideration shall be given for minor course development, class size, type of student assessment, marking, new course delivery, experience level of instructor, complexity of workload, the number of different courses being delivered and mode of delivery.

The out of scope leader will provide final approval of the instructor's assignable workload hours for the academic year. An instructor's assignable workload hours will be established as early in the academic year as possible. The out of scope leader will ensure all instructor workload assignments are available for instructors in their respective programs. When changes to the workload assignment are necessary during the academic year, program leadership or out of scope leader will discuss the changes with the instructor as soon as reasonably possible.

- 16.05 NAIT will endeavour to balance an instructor's assignable workload hours throughout the academic year, based on operational requirements. NAIT will consider instructor requests for flexibility when assigning workload hours which may result in an unbalanced assignment of workload hours over the academic year.

- 16.06 The assigned scheduled instruction hours (SIHs) as a component of the assignable workload hours model, as described in Article 16.03, are subject to the following assignable thresholds based on the category of instruction. A staff member whose teaching assignment includes different categories of instruction will have their SIH threshold blended.

Category of Instruction	
Apprenticeship	685
Diploma/Certificate	585
Applied Degree	515
Degree	449

See Appendix A - for a listing of programs within each of the above noted threshold categories (updated lists will be available on the NAIT website).

16.07 Additional SIHs worked

- (a) When an instructor's SIHs exceed their respective threshold number at the end of the academic year, the excess SIH hours will be paid at three times (3X) their hourly rate of pay. This additional payment of three times (3X) the hourly rate of pay will be made as soon as reasonably possible after the end of the academic year.

The foregoing will apply effective the 2026-2027 Academic Year:

- (b) For apprenticeship programs: If a staff member's intake SIHs exceeds 110% of their annual SIH threshold divided by the number of intakes they are assigned, they will receive additional SIH payment.
- (c) For Degree, Diploma and Certificate (DDCP) programs: If a staff member's SIHs in any term exceeds 110% of their annual SIH threshold divided by two (2), they will receive additional SIH payment.
- (d) If the staff member instructs in both a DDCP and apprenticeship program. Articles 16.07(b) and 16.07(c) (above) will be applied proportionately based on their assigned SIHs.
- (e) For staff members with a workload adjustment, the additional SIH threshold would be a number of additional hours equal to 10% of their unadjusted threshold.
- (f) The staff member may, by mutual agreement with the Employer, elect to opt out of Articles 16.07(b) and 16.07(c).
- (g) The staff member will only receive additional SIH payment once per SIH.

16.08 Workload Adjustments

An instructor's assignable workload hours for the academic year may be adjusted under the following circumstances:

- Instructors who are appointed to a program leadership role, as per Article 43, to recognize their leadership duties and responsibilities, as outlined in 16.03
- Instructors who engage in major curriculum development as outlined in 16.03
- Other assigned work approved by the Dean or designate.

Workload adjustments will be made taking into account the instructor's total assignable workload hours for the academic year.

16.09 Workload Review

Upon request of the instructor, the out of scope leader and/or Associate Dean will review the staff member's workload assignment to ensure it is in alignment with the workload model and based on the principles of equity and fairness within the program.

- (a) If an instructor desires a review of their workload assignment, that instructor may, within ten (10) working days of notification of the assignment, request a meeting with the out of scope leader to discuss the issue. If it is not resolved to mutual satisfaction, the instructor may within five (5) working days after receiving the decision, bring the issue to the attention of the Dean or designate who shall consult with two (2) instructors named by the Association and render a written decision within five (5) working days.
- (b) Within five (5) working days of receiving the decision of the Dean or designate, the instructor may request a further review of the decision which will be conducted by a workload review committee consisting of the Vice-President Academic or designate and the President of the Association or designate.
 - i. Instructors may choose to have a NASA representative accompany them to any meeting that is scheduled to discuss the request for review.
 - ii. The committee shall study relevant documents and conduct interviews as necessary; review the assigned workload for reasoned equity across work unit and School.

ARTICLE 46

REDUNDANCY

- 46.01 This Article applies to continuing, full and part time staff members.

The Institute shall notify the President of the Association when redundancy of continuing staff members within a work unit is anticipated. The Institute, in consultation with the Association, may then proceed to give notice to staff members in a work unit that a potential for redundancy exists.

CONSIDERATIONS PRIOR TO INVOLUNTARY REDUNDANCY

- 46.02 Notwithstanding Article 43.04, when the Institute determines that there must be a reduction in the number of staff in a work unit, it may transfer continuing staff members and/or release temporary staff members. The release of temporary staff members within the affected work unit will occur prior to a continuing staff member being released through involuntary redundancy, and may occur prior to voluntary redundancy.

The Institute shall give consideration to staff members who voluntarily request transfers.

VOLUNTARY REDUNDANCY

- 46.03 A staff member may volunteer for redundancy. If the Institute agrees, the staff member shall enter into an agreement with the Institute regarding the notice period. At the end of the notice period the staff member will receive severance pay in accordance with Article 46.13.
- 46.04 A staff member who enters into a voluntarily redundancy agreement with the Institute will be deemed to have resigned and shall forego all other considerations under Articles 46.05 through 46.14.

If there are more staff members submitting their names for voluntary redundancy than there are redundancies available, the most senior staff member(s) shall be considered first for the voluntary redundancy.

INVOLUNTARY REDUNDANCY

- 46.05 If, due to operational requirements, the Institute is required to declare positions in a work unit redundant, they shall use the process outlined in Articles 46.07 to 46.12 to determine which staff member(s) will be declared redundant.
- 46.06 Human Resources shall be responsible to provide a seniority list of the staff members from the affected work unit where the redundancy(ies) are to occur.

Exemption from Redundancy

- 46.07 The Dean, in consultation with the leadership team for the program, will identify the need for any degrees, diplomas, certifications, designation, subject matter specialization, and industry experience required to teach in the program.
- 46.08 When degrees, diplomas, certifications, designation, subject matter specialization, and industry experience required to teach in the program are identified a Review Panel will be appointed in the following manner:
- i) The Vice President Academic shall appoint one Dean or Associate Dean and one Human Resource Consultant.
 - ii) NASA shall appoint one Chair or Associate Chair, and one Instructor.
 - iii) Members of the Review Panel must not be from the program which is experiencing the redundancy.
 - iv) The review panel will determine if the least senior staff member were declared redundant, the remaining staff members in the program possess the required degrees, diplomas, certifications, designations, subject matter specialization, and industry experience required to meet the program objectives and activities. If the panel determines that the remaining staff members do not have the required degrees, diplomas, certifications, designations, subject matter specialization, and industry experience required to meet the program objectives and activities, then the least senior staff member will be exempt from redundancy.
- 46.09 The least senior staff member(s) within the work unit where redundancies are required, who has not been determined to be exempt as per 46.08, will be declared redundant.

Communication

- 46.10 The final list of staff members to be declared redundant will be provided to NASA. Redundant staff members will be notified by NAIT in accordance with the timelines outlined in Article 46.11.

Staff members with less than two years of seniority shall receive eight (8) weeks notice or salary in lieu of notice, of their position being declared redundant.

A staff member who has been served notice pursuant to Article 46.11 may request that the date of termination be advanced. Such request shall not be unreasonably denied, but the staff member shall forfeit all rights under this Article except for severance under article 46.13.

Transfer / Training

- 46.12 (a) If a staff member who is declared redundant has the qualifications, experience, and competence to assume the work assignment of a temporary staff member, the Institute shall make reasonable efforts to arrange such a transfer within the School, or failing that, into another School.
- (b) If at the time the staff member is declared redundant an alternate work assignment is expected to be available within one year and the work assignment is one to which the staff member, in the opinion of the Institute, could be reassigned at the conclusion of a period of training not to exceed one year, the redundant staff member shall be eligible for the appropriate training in accordance with the provisions of Article 24 of this Agreement. Notwithstanding Article 35.02, the Institute will pay tuition costs associated with training approved under this Article.
- (c) If the Institute is unable to arrange a transfer under Articles (a) and (b), it shall provide assistance to the staff member in seeking work with an alternative employer including a reasonable amount of time off with pay to be interviewed by prospective employers.

- 48.01 In this Article:
- (a) a grievance shall be defined as any difference between the parties to or the persons bound by this Collective Agreement as to the interpretation, application, administration, or alleged violation of the Collective Agreement, including any question as to whether the dispute is arbitrable or where any difference arises from the discipline or dismissal of any staff member.  - (b) "days" means calendar days, but excludes Saturdays, Sundays, and Paid Holidays;
 - (c) notwithstanding 48.01 (a), a grievance regarding the dismissal of a probationary staff member or a performance evaluation shall be settled at Step 3 of this procedure, and is not arbitrable. **If the**

termination of the probationary staff member is an alleged human rights violation, the employee shall have access to the grievance procedure, including arbitration.

- (d) Grievance Hearing Officer shall mean any out of scope leader, having the authority to make a decision, who does not have prior direct involvement with the issue giving rise to the grievance. At Step 2 the Grievance Hearing Officer shall be the Dean, Director or designate, and at Step 3 the Grievance Hearing Officer shall be the Vice President Academic or designate.

48.02

When a grievance arises it shall be dealt with in the manner outlined in the following Articles, except that a grievance may not be presented on a matter where an alternate appeal procedure exists.

48.03 Time Limits and Procedures

Step 1: The staff member must raise the complaint with their out of scope leader within fifteen (15) days of the situation or awareness of the situation causing the complaint. The complaint of a staff member will be addressed within five (5) days of the complaint being raised.

Step 2: Notwithstanding the provisions below outlining the Step 2 procedure, a grievance may advance directly to Step 3 upon mutual agreement of the Institute, Association, and staff member(s) who are party to the grievance.

If the complaint is not resolved through the discussion, the grievance must be reduced to writing, on a form supplied by the Association, stating the facts of the complaint, the Articles of the Agreement involved and the remedy requested, and be dated and signed by the staff member and the Association. The written grievance will be submitted by the Association to the Employer via the designated email address within fifteen (15) days of the date of the complaint being addressed by the out of scope leader.

The Human Resources representative will arrange for a meeting within fifteen (15) days of receipt of the written grievance with the grievor and the Association's Labour Relations Director or designate in an attempt to resolve the grievance. The parties may request that other staff members attend if necessary. A decision, with rationale, from the Grievance Hearing Officer shall be provided within five (5) days of the hearing. Step 3: The Grievance Hearing Officer will meet within fifteen (15) days of receipt of the Step 3 grievance in an attempt to resolve the grievance. The parties may request that other staff members attend if necessary. The Grievance Hearing Officer will provide a written decision to the Association within five (5) days of the meeting.

Step 4: If the decision of the Grievance Hearing Officer is unsatisfactory to the Association, the Association shall then submit the grievance to arbitration within fifteen (15) days of the receipt of the decision. The notice of submission to arbitration must be in writing and sent to the designated email address.

- (a) A grievance involving discipline must be filed directly at Step 3 within fifteen (15) working days of the disciplinary action.
- (b) Either the Institute or Association may file a policy grievance concerning the interpretation, application, operation or alleged violation of the Collective Agreement on a matter arising directly between the Institute and the Association. A policy grievance commences at Step 3 of the grievance procedure. The grievance must be filed within fifteen (15) days of the incident coming to the attention of the grieving party.
- (c) When two or more staff members have a complaint arising from the same incident, the grievance may be submitted as a group grievance.
- (d) The policy grievance procedure must not be used for processing individual grievances.
- (e) The parties may mutually agree in writing to extend any time limit. A request for extension of time limits will not be unreasonably denied.
- (f) Any grievance not submitted in conformity with the time limits prescribed in this Article or the agreed to time limit extension, is deemed to have been abandoned and must not be continued or reopened.

- (g) When the party receiving a grievance fails to process the grievance within the time limits specified in this Article, the aggrieved shall automatically be eligible to advance the grievance to the next higher level, except that to advance to Arbitration, a grievance must be a grievance as defined pursuant to 48.01.

- (b) Grievances shall be heard by a single Arbitrator. The Association shall, in its notice of intent to proceed to Arbitration, suggest a person to serve as Arbitrator. The Employer shall respond within fifteen (15) days, either agreeing to the Association's proposed Arbitrator or suggesting alternative Arbitrators. If the parties cannot agree on an Arbitrator within thirty (30) days, either party may request the Chair of the Labour Relations Board of Alberta to appoint a single Arbitrator. Either party may elect to have the discussion about Arbitrator selection delegated to their respective legal counsel.
- (c) The parties may mutually agree in writing to extend any time limit. A request for extension of time limits will not be unreasonably denied.
- (d) The Employer and the Association shall share equally the total cost of the arbitration and Arbitrator.
- (e) The Employer shall grant the grievor leave of absence with pay for the purpose of attending the hearing of the grievance provided that the leave of absence shall only be for the purpose of attending the hearing. Should the grievance deal with dismissal of a staff member and the dismissal be upheld by the Arbitrator, no reimbursement for pay shall be allowed.
- (f) The Employer shall grant a leave of absence to attend the Arbitration hearing, with pay for witnesses who are academic staff members of the Employer who are called by the grievor;
- (g) The Employer and the Association shall share the expenses of necessary witnesses called by the Arbitrator on an equal basis, if the necessary witnesses are not employed by the Institute or the Association. The expenses of witnesses called by the Arbitrator at the request of one of the parties shall be borne by that party.

48.05 Powers of the Arbitrator

- (a) The Arbitrator shall neither add to, detract from, nor modify the language of any Article of the Collective Agreement.
- (b) The Arbitrator shall expressly confine itself in its award to the precise issue submitted to the Board and shall have no authority to make a decision on any other issue not so submitted to it.
- (c) Where disciplinary action against an academic staff member is involved, the Arbitrator may vary the penalty, as the Arbitrator considers fair and reasonable.
- (d) The Arbitrator:
 - i. may accept any oral or written evidence that it, in its discretion, considers proper whether admissible in a court of law or not;
 - ii. is not bound by the law of evidence applicable to judicial proceedings; and
 - iii. may summon and enforce the attendance of witnesses and compel them to give oral or written evidence on oath and to produce the documents and things that the Arbitrator considers requisite to the full investigation and consideration of matters within its jurisdiction in the same manner as a court of record in civil cases.
- (e) If any persons fail to comply with an order of the Arbitrator under Article 48.05(d)(iii), or conduct themselves in a manner that may be in contempt of the Arbitration or its proceedings, the Arbitrator may apply to the court for an order directing compliance with the order of the Arbitrator or restraining any conduct found by the court to be in contempt of the Arbitration or its proceedings.
- (f) The Arbitrator may correct in any award any clerical mistake, error or omission.

48.06 Arbitration Procedures

- (a) Within thirty (30) days or as soon as reasonably possible upon receipt of a grievance, the selected Arbitrator shall advise the Employer and the Association of the hearing date.
- (b) At the Arbitration hearing, the Employer and the Association may be represented by any person(s) they so delegate.

Grievances initiated by more than one staff member and meeting the above criteria shall be dealt with in accordance with Articles 48.01 - 48.08 inclusive. HIRING FOR CREDIT PROGRAM NEEDS

Notwithstanding Article 3 and the mutual agreement for employees to be hired into any of the employee types listed in Article 3, NAIT, from time to time may engage particular professions via corporate contracts ('vendor contracts').

The parties agree that NAIT may continue to make use of 'vendor contracts' as a means of engaging with individuals who provide work through an incorporated company (instead of as an employee). Some examples of where this may occur include:

- To deliver specialized lectures, evaluate students and/or provide other professional services to support student learning
- To instruct a course (e.g. in hard to recruit areas or specialized program areas)
- Where the hiring of the service contributes to program accreditation

The vendor contracts will be used for particular professions that are

- Regulated by legislation; or
- Required to be licensed by a professional body; or
- Required to provide specialized or professional services in a particular area of expertise where services can only be obtained via a corporation

NAIT will remit, on a quarterly basis to NASA, an amount equal to the dues that would be payable on the value of the vendor contracts.

By May 15th each year NAIT will provide NASA a list of vendors contracted in the fiscal year ending March 31st along with the following information for each vendor: vendor name, start date, end date, school, and the amount remitted per vendor.

The Institute shall provide to the Association by September 15th the ratio of the headcount for Instructional Assistant II involved in instructional delivery to continuing instructors for the previous academic year. If the ratio is greater than 15%, then the Institute shall consult with the Association to develop a plan (forecast) that will ensure the ratio reported as of the following year is at or below 15%.
